SAVE THIS MANUAL

Keep this manual for the safety warnings and precautions, assembly, operating, inspection, maintenance and cleaning procedures. Write the product’s serial number in the back of the manual near the assembly diagram (or month and year of purchase if product has no number). Keep this manual and the receipt in a safe and dry place for future reference.

IMPORTANT SAFETY INFORMATION

In this manual, on the labeling, and all other information provided with this product:

This is the safety alert symbol. It is used to alert you to potential personal injury hazards. Obey all safety messages that follow this symbol to avoid possible injury or death.

DANGER indicates a hazardous situation which, if not avoided, will result in death or serious injury.

WARNING indicates a hazardous situation which, if not avoided, could result in death or serious injury.

CAUTION, used with the safety alert symbol, indicates a hazardous situation which, if not avoided, could result in minor or moderate injury.

CAUTION indicates a hazardous situation which, if not avoided, could result in death or serious injury.

NOTICE is used to address practices not related to personal injury.

Assembly Precautions

1. Assemble only according to these instructions. Improper assembly can create hazards.
2. Wear ANSI-approved safety goggles and heavy-duty work gloves during assembly.
3. Keep assembly area clean and well lit.
4. Keep bystanders out of the area during assembly.
5. Do not assemble when tired or when under the influence of drugs or medication.

Bird Bath Safety Warnings

1. Locate Bird Bath on a level surface and use the stakes provided to secure in place.
2. Inspect before every use; do not use if parts are loose or damaged.
3. Use as intended only.
5. CONTAINS NiCd BATTERY. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.
6. Only insert rechargeable NiCd batteries into this device.
7. The warnings, precautions, and instructions discussed in this instruction manual cannot cover all possible conditions and situations that may occur. It must be understood by the operator that common sense and caution are factors which cannot be built into this product, but must be supplied by the operator.

UNPACKING

When unpacking, make sure that the item is intact and undamaged. If any parts are missing or broken, please call Harbor Freight Tools at the number shown on the cover of this manual as soon as possible.

ASSEMBLY

Read the ENTIRE IMPORTANT SAFETY INFORMATION section at the beginning of this manual including all text under subheadings therein before set up or use of this product.

Note: For additional information regarding the parts listed in the following pages, refer to the Assembly Diagram near the end of this manual.

1. Screw Lower Pole (10) into Base (11).
2. Center Planter (18) over Lower Pole (10) and screw Upper Pole (9) into Lower Pole (10).
3. Thread Stud (15) into Upper Pole (9), slide Washer (16) on Stud, then connect Basin (8) and Small Pole (6) to Upper Pole with Stud (15).
4. Attach Tripod (13) to Small Pole (6) with Bolt (17).
5. To assemble Bird Feeder with Roof and Solar Light:
   a. Insert 4 Fence Posts (7) into holes on top of Floor (5) and secure from underneath Floor with Screws (3), then snap ends of Fence into adjacent Fence Posts;
   b. Insert Dish (12) into hole in center top of Floor;
   c. Slide Ceiling (4) onto Fence Posts (7) and secure with Screws (3);
   d. Position Roof (2) over Ceiling (4), lining up “J” shaped guides on underside of Roof near Fence poles. Twist Roof clockwise to lock guides in place over poles;
   e. Slide Solar Light (1) into opening in top of Roof (2).
6. Attach Tripod (13) to underside of Bird Feeder Shelf (5) with Flat Bottom Screws (14).

OPERATING INSTRUCTIONS

Read the ENTIRE IMPORTANT SAFETY INFORMATION section at the beginning of this manual including all text under subheadings therein before set up or use of this product.

1. Decide where you want to place the Bird Bath. Choose a location which receives full, direct sunlight for a minimum of six hours a day and is on a level surface.
2. Verify that installation surface has no hidden utility lines before proceeding. Use Stakes (19) to secure Base (11) in place.
3. To Charge Solar Panel for the first time:
   a. Open Battery Compartment and remove shipping tab. Set Power
Switch located under Solar Panel (1A) to “OFF”. (See “Replacing The Battery” for access to Battery Compartment and ON/OFF switch.)

b. Solar Light will need to charge for at least 8-12 hours before using it for the first time. During the day, the Solar Panel on the Solar Light (1) converts sunlight into electricity, recharging the battery. The amount of light received depends on placement of Bird Bath, geographic location and weather. If the weather is cloudy and the panel did not receive a full charge, the Solar Light may not run for the full 10 hours. It will catch up after six hours of direct sun.

c. After the Solar Panel is charged for the first time, you can leave the Power Switch on, or turn it off and on, as needed.

4. To complete other Bird Bath components:
   a. Fill Dish (12) with bird seed (sold separately).
   b. Fill Basin (8) with water. Change regularly.
   c. Plant plants (sold separately) in Planter (18).
MAINTENANCE AND SERVICING

Do not use damaged equipment.

1. **BEFORE EACH USE**, inspect general condition of product. Check for cracked or broken parts, and any other condition that may affect safe operation.

2. Periodically clean solar panel and exterior of the Bird Bath with clean, moist cloth. Dirty solar panels can cause the unit to not draw sufficient power for the light.

3. Replace Battery as noted below.

### Replacing the Battery

1. Replace the rechargeable battery every 12 months.

2. Twist Battery Cover (which holds the Solar Panel (1A)) counter-clockwise to remove Battery Cover. Turn Power Switch to “OFF”.

3. Remove and properly recycle old battery from Battery Compartment. Make certain that new battery is NiCd (“AA”) rechargeable.

4. Install new battery into Battery Compartment. Make certain that battery is placed according to correct polarity.

5. Replace Battery Cover, lining up flanges and turning clockwise to close.
PLEASE READ THE FOLLOWING CAREFULLY

THE MANUFACTURER AND/OR DISTRIBUTOR HAS PROVIDED THE PARTS LIST AND ASSEMBLY DIAGRAM IN THIS MANUAL AS A REFERENCE TOOL ONLY. NEITHER THE MANUFACTURER OR DISTRIBUTOR MAKES ANY REPRESENTATION OR WARRANTY OF ANY KIND TO THE BUYER THAT HE OR SHE IS QUALIFIED TO MAKE ANY REPAIRS TO THE PRODUCT, OR THAT HE OR SHE IS QUALIFIED TO REPLACE ANY PARTS OF THE PRODUCT. IN FACT, THE MANUFACTURER AND/OR DISTRIBUTOR EXPRESSLY STATES THAT ALL REPAIRS AND PARTS REPLACEMENTS SHOULD BE UNDERTAKEN BY CERTIFIED AND LICENSED TECHNICIANS, AND NOT BY THE BUYER. THE BUYER ASSUMES ALL RISK AND LIABILITY ARISING OUT OF HIS OR HER REPAIRS TO THE ORIGINAL PRODUCT OR REPLACEMENT PARTS THERETO, OR ARISING OUT OF HIS OR HER INSTALLATION OF REPLACEMENT PARTS THERETO.
