Specifications:

Bar Sizes: 8", 12", 18", 24". Made of hardened chrome vanadium

The Pry Bars can be used to pry and move equipment and other objects. The Pry Bars are especially effective in moving objects in tight fitting areas.

Warning: When using electric tools, machines or equipment, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and personal injury.

Read all instructions before using these tools.

1. Always wear ANSI approved safety goggles when working with equipment.
2. Keep children away from the work area. Do not let them handle machines, or tools.
3. Use the right tool. Do not force a small tool to do the work of a larger industrial tool. Do not use a tool for a purpose for which it was not intended.
4. Stay alert. Watch what you are doing; use common sense. Do not work when you are tired.
5. Check damaged parts. Before using any tool, any part that appears damaged should be carefully checked to determine that it will operate properly and perform its intended function. Any part that is damaged should be properly repaired or replaced.
6. Do not operate tools of under the influence of alcohol or drugs. Read warning labels on prescriptions to determine if your judgement or reflexes are impaired while taking drugs. If there is any doubt, do not operate the tool.

Caution: Do not strike the handle or pry bar with a hammer or other hardened surface as it may chip, resulting in blindness or severe personal injury. Always check to see if Pry Bar is chipped before using and always discard a chipped Pry Bar.

Always wear ANSI approved eye protection.

Made in Taiwan.
