Read this material before using this product. Failure to do so can result in serious injury. **SAVE THIS MANUAL.**

Specifications

Battery	1x Lithium 3.7V, 18650 2000mAh
Run Time	8 hours
Charge Time	5 hours

Important Safety Information

1. Wear ANSI-approved safety goggles during setup.
2. Keep setup area clean and well lit.
3. Keep bystanders out of the area during setup.
4. Do not setup when tired or when under the influence of alcohol, drugs or medication.
5. Position battery in proper polarity.
6. This product is not a toy. Do not allow children to play with or near this item.
7. Use as intended only.
8. Inspect before every use; do not use if parts are loose or damaged.
9. Maintain product labels and nameplates. These carry important safety information. If unreadable or missing, contact Harbor Freight Tools for a replacement.
10. Contains Li-Ion battery. Battery must be recycled or disposed of properly. Do not open, crush, heat above 140° F or incinerate.

Instructions

1. Choose a location for the Solar Spotlight that receives full, direct sunlight a minimum of 5 hours a day. The location should not be near nighttime light sources such as porch lights or streetlights as this may trigger the Light to turn off or flicker.
2. Before inserting the Stake into the ground, choose an area where there are no underground pipes, cables or other obstructions and the ground is soft enough to accept the Stake.
3. Completely insert the Stake into the ground to assure it is in solid and provides full stability for the Solar Spotlight.
4. Insert the Light assembly into the Stake. The Solar Panel may be inserted into the top of the Spotlight or staked into the ground.

5. Loosen the Knob and tilt the Light assembly to obtain the best lighting situation, then tighten the Knob.
6. Pivot the Solar Panel so that it is angled directly at the sun.
7. Remove the protective film from the Solar Panel.
8. Before operating the Solar Spotlight, charge it for at least 5 hours in full sunlight with the Switch set to the OFF position.
9. After the initial charge is completed, set the Switch to the ON position.
10. Check Light operation at night or in a dark location. If the Light is not on, check the position of the Switch.

Note: During the day, the Solar Panel converts sunlight into electricity, recharging the battery. The amount of light the Solar Panel receives depends on placement of the Solar Spotlight, geographic location and weather. If the weather is cloudy and the panel did not receive a full charge, the Solar Spotlight may not achieve the full hours of operating time. It will catch up on it's own after two to three days of full sun.

Battery Replacement

1. Turn Switch to the OFF position and remove Solar Panel.

2. Remove six screws from battery cover.

3. Carefully remove battery. Install new battery of the same type and match polarity. Do not pull the wires. Reattach battery cover and tighten securely.

4. Reattach the Solar Panel.
5. Charge Spotlight for at least 5 hours in full sunlight with the Switch set to the OFF position.
6. After the charge is completed, set the Switch to the ON position.
7. Contains Li-Ion battery. Battery must be recycled or disposed of properly. Do not open, crush, heat above 140° F or incinerate.

Limited 90 Day Warranty

Harbor Freight Tools Co. makes every effort to assure that its products meet high quality and durability standards, and warrants to the original purchaser that this product is free from defects in materials and workmanship for the period of 90 days from the date of purchase. This warranty does not apply to damage due directly or indirectly, to misuse, abuse, negligence or accidents, repairs or alterations outside our facilities, criminal activity, improper installation, normal wear and tear, or to lack of maintenance. We shall in no event be liable for death, injuries to persons or property, or for incidental, contingent, special or consequential damages arising from the use of our product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation of exclusion may not apply to you. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS.

To take advantage of this warranty, the product or part must be returned to us with transportation charges prepaid. Proof of purchase date and an explanation of the complaint must accompany the merchandise. If our inspection verifies the defect, we will either repair or replace the product at our election or we may elect to refund the purchase price if we cannot readily and quickly provide you with a replacement. We will return repaired products at our expense, but if we determine there is no defect, or that the defect resulted from causes not within the scope of our warranty, then you must bear the cost of returning the product.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

Record Serial Number Here: _____

Note: If product has no serial number, record month and year of purchase instead. Reference UPC 193175421111.

Note: Replacement parts, other than battery, are not available.
