

38W DUAL-PORT WALL CHARGER

Important Safety Information

⚠WARNING

TO PREVENT SERIOUS INJURY:

1. This equipment is not suitable for use in locations where children are likely to be present.
2. Keep dry.
3. Inspect before every use; do not use if parts loose or damaged.
4. Use as intended only.

Specifications

Input	110-240VAC, 50/60Hz, 0.9A
Output	PD: 5VDC, 3A; 9VDC, 2.22A; 12VDC, 1.65A QC: 5VDC, 3A; 9VDC, 2A; 12VDC, 1.5A

Indoor Use Only

Operating Instructions

1. Plug Charger to 110-240VAC, 50/60Hz grounded outlet. Power Indicator illuminates when Charger is powered.
2. Connect device(s) to be charged.

Note: Both outputs can be used at the same time.

Note: If your device does not support fast charge, the PD/QC output will automatically provide 5VDC, 2A MAX.

3. Once device is charged, disconnect from Charger, then remove Charger from outlet.
4. Store Charger indoors away from children.

FCC:

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by Harbor Freight Tools could void the user's authority to operate the equipment.
