

**ITEM 61438**

### **Respirator Mask, 2 Pk.**

**Protect yourself from harmful particles with these respirator masks**

These respirator masks filter dust and particles from sanding, cutting or doing yardwork. The respirator masks feature elastic ear loops and an adjustable nose strap for a snug, secure fit. These dust masks are suitable for use while sanding wood, metal surfaces and dried paint, cutting masonry/concrete or installing fiberglass.

- **NIOSH N95 certified particle respirator**
- **Use while sanding wood, metal, dried paint, cutting masonry/concrete or installing fiberglass**
- **Adjustable nose clip**
- **Heavy duty straps**
