HARDY™

**5 mil Nitrile Powder-Free Gloves, 100 Pc.
Large Light Blue**

Nitrile gloves are three times more puncture resistant than vinyl or latex gloves

Where you use latex gloves, try these nitrile disposable gloves instead. Nitrile gloves provide superior protection against chemical solvents and oils as well as three times more puncture resistance compared to vinyl or latex gloves. These disposable gloves are also powder free so they won't make a mess.

- Three times more puncture resistant than latex or vinyl
- Exceptional tensile strength
- Powder and latex free
- Reversible to fit either hand
- Comfortable fit and feel
